

STEWART BUST SOON READY TO INSTALL

ANOTHER GOLD STAR ON SERVICE FLAG.

Chapter Presented With Affection Knitted by Woman 90 and Man 80 Years Old.

Miss Mollie Kavanaugh reported at the meeting of the Gen. A. P. Stewart chapter Tuesday afternoon that the pedestal for the Gen. Stewart bust was completed, with the exception of the lettering, and workmen would be placed at this right away. Mrs. C. A. Lyster, chairman of the bust committee, was absent, and Miss Kavanaugh reported for her.

The report showed that the chapter obligation up to the present time on the work was \$200. It was voted to pay \$100 of this amount at once, and the other \$100 as soon as practicable. Mrs. M. H. Middleton, asked for information as to the total amount of the indebtedness, and considerable discussion arose, but the exact figures could not be given because Miss Kavanaugh didn't have them. However, it is understood that the bust cost in the neighborhood of \$3,000, and the pedestal when completed, will be between \$800 and \$1,000. A little confusion arose over the matter, but order was quickly restored by Mrs. M. H. Clift, who arose to the floor and said that certainly that chapter didn't want to shrink their debts, and that if they owed this amount it would be paid.

When the pedestal is completed the bust will be placed in the rotunda of the courthouse, and will be a magnificent ornament to the county building.

A service flag of 131 stars showed one gift one, for John Head, and another to be placed on it for W. R. Hamilton, a brother of Mrs. Frank Terrell, who was killed at the front. The following names were added to the flag: Jesse Carmack, William Neal Wheeler, Robert Howard Pittman and George T. Pittman.

The chapter will entertain the Confederate veterans with a Christmas dinner some time during the holidays. The committee on the dinner is Mrs. Mary H. Middleton, Mrs. Belle Spencer and Mrs. Dunbar Newell.

Miss Sarah Frazer read resolutions on the death of Miss Mary C. Lee, who died about two weeks ago at Hot Springs, Va. The chapter voted to have a rummage sale before Christmas, and Mrs. Mary Middleton and Mrs. Belle Spencer were appointed to take care of it.

Mrs. Ed Watkins, the president, exhibited a beautiful knitted quilt, which was presented the chapter for their hospital ward, by Mrs. Joe Johnston of Cleveland. It was knitted by Mrs. Johnston, and her mother, and by the Rev. Nuckolls, a Methodist preacher in Virginia, at the age of 80. The minister had learned to knit after suffering an accident which confined him to bed in this way he was able to show his indomitable patriotism.

FIVE YEARS OF SUFFERING

Europa Lady Broke Down and Was Most Miserable, but Cardui Brought Relief and Now She Is Well.

Europa, Miss—Mrs. B. E. Tedder said she spoke as follows: "About five years ago... I broke down and took to my bed."

What I suffered no one knew, I was so much pain from my knees to waist, cramping and drawing, and I thought I would certainly die.

I grew so weak I couldn't eat, and sleep and faint and every time I got on my feet I had the most miserable and heavy feeling in the lower part of my body.

I began on Cardui. It strengthened after a few doses and diminished all of my aches and pains. Next morning my cold has vanished and my whole system is purified and refreshed. ALL QUIET IN FRANCE

Lieut. Hixon Writes of Celebration of Armistice.

Dr. and Mrs. S. W. Hixon, of Daisy, are in receipt of a letter from their son, Lieut. Wallace W. Hixon of the 30th division.

The letter was written at Paris, Nov. 12, one day after the signing of the armistice.

Excerpts from the letter are as follows: "It is all over, and it is really hard to tell just how we feel with no shooting or flashing or guns. Everything is just as quiet as can be."

"Yesterday will no doubt be a memorable day and guns were fired right up to 11 a.m."

"I surely hope it is over and things can be adjusted satisfactorily to everyone concerned. There is no doubt that the Germans are whipped and haven't a chance in the world, but if they will not do as wanted, we surely can give them more. I am sure there were some rejoicing in the States, and they had a perfect right, too. There was plenty of it over here, but we were up too near the front to hear any of the noise."

"I have received a number of papers. When I get one it makes me think I'm back in old Chattanooga, but things have happened and been forgotten about by the time they reach me."

"I have no idea when we will get to come back, but one consolation, it can't be as long as it has been."

"I think it is wonderful that I have gone through without a scratch. We have plenty to eat and it is well prepared, but I don't think I'll go back to eat and sit down to the home table once more. Will tell you lots of things when I get back to the old U. S. A."

CRITTENTON HOME

DECLARED VALUELESS

NO MORE FINANCIAL AID FROM CITY.

Subscribers Must Institute Separate Suits Against Gas Company.

Unless events of an unexpected nature come about, the Crittenton home for women will be forced to suspend operations. The matter came to a head at Tuesday's meeting of the city commission, at which time Dr. Brown, city health director, made his report concerning the institution.

The organization has drawn on the city for funds as far as it can, and the Crittenton home is valueless, that it is not proving a considerable factor in the eradication of disease among the unfortunate of the city and their moral regeneration.

Every member of the board agreed that the home is of no benefit to the city and that it is not protecting the health of the soldiers at Chickamauga park after hearing Dr. Brown's report.

Reaches But Few. Dr. Brown declared that the present method of dealing with the question is absolutely futile. It is, he said, as though a small portion of the criminals of the city were rounded up and put in jail, leaving the vast majority with their liberty. This would only mean that those not locked up would have a larger field for operations, and the parallel between this and women of the city plying the illicit trade is very close.

He stated that a very small percentage of the city's immoral women are dealt with at the home. Many come to the jail each day to receive treatment, but even when the number is very small, and those who do receive treatment are not benefited, he declared, as upon being released, they immediately go back to their old "business."

Women are not benefited morally by a stay at the home and in most cases it is uncertain if they have received physical benefits of a permanent nature, it was said. Those incarcerated in the home are there on account of a certain venereal disease, but the majority of them have another such disease of a much deeper character, and very few of these are cured, Dr. Brown said.

Practically every woman who is stationed at the home, after being released, goes back to her old habits of living immediately, Dr. Brown said.

The problem of the immoral women and girls of Chattanooga has been an extremely perplexing one since the establishing of an army camp at Fort Oglethorpe. As time wore on it has assumed bigger proportions until at present it is admitted by nearly everyone to be practically beyond control. There is little trouble in arresting the women, but there is no hope to put them afterward. Even if all the immoral women in the city were taken up and handled, which would be impossible, other women would come, as Dr. Brown remarked in a 300 words reporter, it is a Utopian problem.

Gas Company Matter. It is extremely doubtful if the large number of Chattanoogaans who paid for the connecting pipes from their homes to the gas mains, will ever get their money back, in spite of the supreme court's decree in the case of R. T. Wright vs. the Chattanooga Gas company. This opinion was voiced by Commissioner Heron at the commission meeting Tuesday, after ascertaining that the company would refuse to handle the citizens' suits collectively.

In other words, each one of the many hundred persons who installed their own pipe and wish to recover the amount it cost, will have to institute a separate suit before a magistrate. Up until Commissioner Heron's report was made yesterday it was thought that the entire number of suits could be handled together by the city department of public utilities, Mr. Heron having previously signified that he would be willing to do so.

Those who secured plumbers' statements in regard to the amount paid for the connecting pipe will have little trouble securing the money due them. Others will have to establish the amount paid by public utilities, Mr. Heron having previously signified that he would be willing to do so.

It was stated at the office of the association, that should it be decided not to hold the annual rally, checks covering the amount of the prizes would be mailed to the winning boys.
